scoliosis may not need treatment. But, moderate to severe scoliosis that is left untreated can lead to pain and increasing deformity, as well as potential heart and lung damage.

There are other subreddits better suited to those just interested in staying fit or building a beach body or lifting weights. This subreddit is a community where those Sceptically thinking about doing my first cycle.. Want to make sure not to fuck anything up. Most worried about my test production post cycle. 250mg/week will bring his test levels to at least 2.5x higher than the high end. Technically, that is super-human. This info seems strange? 250 a week could get some gains if the test is accurately dosed, but won't be as logical or efficient as (AT LEAST) 350 mg /week.
