No Comments on Testo.Com. Testo Ltd is a world market leader in production and distribution of measuring instruments and systems. Testo offers professional measuring solutions for nearly every application. Molto spesso, dopo traumi emotivi o fisici, l'animale cerca di compensare il disturbo mantenendo il sistema corporeo al meglio possibile. Vengono attuati sistemi compensatori omeostatici, soprattutto se il soggetto è giovane e in buona salute. Spesso, nonostante il problema venga risolto, il corpo avendo una memoria muscolare mantiene lo stato di compenso. Ed è qui che interviene l'osteopatia, per ridare mobilità, agio a tutte le strutture coinvolte e restituisce un equilibrio sia fisico che psicologico.
