As those of us in the U.S. prepare for the Thanksgiving break, it's a fitting opportunity for me to extend gratitude to our many industry partners including @reutersevents.pharma . Their Pharma and Patient USA 2020 event kicks off next week and I so appreciated the opportunity to record an advance interview with one of their speakers Lotus Mallbris, @elilillyco VP and Head of Global Head of Immunology Product Development. Here's a sneak peek of my conversation with this influential advocate as we discuss Lilly's efforts focused on patientricity, and their award-winning #HBAACE Award program. .
