Testosterone Enanthate cycles can be used for almost anything. Some consider this to be the most versatile anabolic steroid, and, it is the only anabolic steroid that holds the capability of being safely and effectively run solitarily on its own. This is a feature that very few other anabolic steroids possess. In the end, Testosterone Enanthate is probably the most popular anabolic steroid used because it is a potent performance enhancer, you can do minimal injections with maximum results, and it is also among the least painful to inject.

Nog steeds aan het zoeken naar een lach waarmee ik er niet uitzie als een 12 jarige met deze beugel. Niet gevonden. Ach, we worden in elk geval nog niet keriput!
