Testobolin XR is a longer version of another product manufactured by Alpha Pharma called Testobolin. Simply Testobolin by Alpha Pharma is containing Testosterone Enanthate - a very famous form of testosterone while Testobolin XR is containing Testosterone Undecanoate - a less famous form of testosterone but with a much higher half life.. The only difference between Testobolin XR and simple ...

Whilst I was studying for my degree, I was often asked what my coaching philosophy was. I never knew the right answer. Because my own beliefs on how to train and coach people kept on changing.

Description. Testobolin (Testosterone Enanthate) by Alpha Pharma is an injectable steroid which is a long estered Testosterone product. This steroid hormone from the androgen group is primarily secreted in the testicles of males and the ovaries of females, although small amounts are also secreted by the adrenal glands.

between map making for work, I always make sure to do these anatomy studies/sketches. It's all referenced from fitness images, but I make up a lot of the light, cause photos don't always show the form well enough and copying it one-to-one kind of defeats the purpose.
