☐ Looking back now, I definitely needed 3-4 weeks off! But I needed my cardio & to get out of the house! ☐☐♀☐ In the beginning of July I insisted in doing painful 3km run... then I took another 10 days off ☐ August was GREAT! It was a big confidence boost being able to run again for 40, 60 and 90 minutes! I realised my endurance didn't just vanish! Yes, my speed is slower but I AM STILL FIT! ☐

Genotropin (somatropin) is a growth hormone used to help children grow taller and help adults and children grow muscle. Genotropin is slightly more popular than other recombinant human growth hormones. There are currently no generic alternatives to Genotropin. GoodRx has partnered with InsideRx and Pfizer to reduce the price for this prescription.
