Clenbuterol is a sympathomimetic amine used by sufferers of breathing disorders as a decongestant and bronchodilator. People with chronic breathing disorders such as asthma use this as a bronchodilator to make breathing easier. It is most commonly available as the hydrochloride salt, clenbuterol hydrochloride.. It was patented in 1967 and came into medical use in 1977.

A big part of why Himalayaamanat started was to ensure that healthy food reaches our little friends first. The ones who are just starting to grow their taste buds should know the raw, unadulterated taste of natural fruits.
