## When the new guy at the gym takes my bench

So bored of classic surfboards I rode for 25 years, I have shaped me in one year a dreamy quiver of "fuck the standard squash tail 5'11".... over it... Saturday I rode a 6'3 chopped into a twinny and fork nose 5'8 with my new keels and felt so good backside( no footage). There is so many new things to explore. Pretty happy of all my boards shaped, the worst one is the fuckin go fish Machado preshape that's pretty funny, not horrible but nothing special, I don't care of a glossy finish, I wanted some innovation, and board that will last forever.... I spent fuckin hundreds hours doing it and my body just went testo fucked again. i didn't wear masks doing it and probably all those resin and sanding dust is the worst endocrino perturbators " " But I think I found that magic testo cream. Normally on Sundays I felt fucked tired and not now. Fingers crossed... Get the MOJO back please body👩🏻👧🏻
