Mind muscle connection is very important to put on size. I see a lot of people that can bench more than me but have a small chest. You want to make sure when you are performing an exercise you feel it in the muscle you are trying to work. On any pressing movements you want to make sure your shoulders are tucked back so you take out as much front delt as possible this will help a lot with chest development. #workout #chest #tri #lifting #gains #body #bodybuilding #bodygoals #shredded #muscles #abs #cutting #weightloss #itbb #gym#gymmotivation #gymlife #gymshark

First cycle with GP test Prop 100 only cycle. Im taken 100mg EOD. First week was horrible, I felt really sick. I don't know if its the test flu already claims Pip was bearable for virgin muscles (glutes). Second week the sickness was gone. But PIP gets worse with every shot. Its all really sterile procedure. #silesiamarathon #półmaraton #zawody #bieganie #biegaczka #runninggirl #runningmotivation #iloverunning #nike #weekend #sport #trening #workout #sukces #blogger #addasultraboost #garring #stadionsleski #kratowice #blogdecit #moniesterile #state #garring #biegaczka #runninggirl #moniesterile #state #garring #stadionsleski #kratowice #blogdecit #garring #biegaczka #running #nike #weekend #sport #trening #schullam #zdrowast/tacja #lifest/# #blogger
