Winstrol (Rexobol) has an anabolic effect that is up to 320% of that of testosterone and its low androgenic effect is up to 30% of that of testosterone. It has moderate hepatotoxicity so once the cycle has come to an end, the user is recommended to use hepatoprotective agents (preferably plant-based ones). Stanozolol's half-life is 8 - 9 ... [explanation](#)

Rexobol-50 is an anabolic steroid for sale in our store that is used by athletes to increase their endurance and strength, qualitative muscle growth (without unnecessary fluid retention or fat gain). It is mainly used within cutting cycles. The main active substance in this product by Alpha Pharma is oral stanozolol (Winstrol). We also offer injectable Winstrol for sale online, but stanozolol ...

Rexobol-50 (Stanozolol) by Alpha-Pharma active substance is Stanozolol. Stanozolol is a derivative of dihydrotestosterone, although its activity is much milder than this androgen in nature. It is technically classified as an anabolic steroid, shown to exhibit a slightly greater tendency for muscle growth than androgenic activity in early studies. [more helpful hints](#)
