GAINSWave is a safe, comfortable and proven procedure for men to optimize sexual performance and to reverse the effects of erectile dysfunction (ED) due to poor blood flow. Une réglementation stricte est donc en vigueur pour dispenser des médicaments. Il est possible de classer les médicaments de plusieurs façons, comme par exemple le fait de distinguer les médicaments sur ordonnance et sans ordonnance. Il est d'ailleurs depuis quelques années possible d'acheter les médicaments sans ordonnance sur internet. The group that received testosterone injections and did not exercise gained 3.2kg of fat free mass! But... there are some caveats. While they did measure fat free mass (FFM) in the study, the measurements they used in the study did not differentiate water weight from lean body mass. This is a huge factor! [read this article](#)
