Most people haven't used Masteron at the right dosage (at least 500mg/wk) and will say that it is only good if you're under 10%bf.... That cannot be further from the truth. Masteron, much like Winny, is a DHT derivative. The main problem people have with winny is that it can make your joints feel absolutely miserable!

The Proper Way to Use Masteron and What Can Be Expected - maxlabs

I'd recommend lower dbol dosage, 25-30mg would be better, six weeks. If you have 2 10ml vial of masteron, you can run 100 mg eod, which is 350mg per week for almost 6 weeks. Masteron will help

lower dbol induced bloat a bit. Try to put together a proper pct. This is not a good cycle for recreational users.

MASTERON DROSTANOLONE PROPIONATE 100mg x 10ml *Watson*

The dosages of Masteron that are used by athletes vary depending on the purpose of each cycle. However, it's best to take no more than 400mg per week for cutting cycles and 600mg per week for bulking ones. The frequency of injections will be determined by the ester of Masteron used in the cycle. Drostanolone Propionate injections will need to .
