Methenolone enanthate Low aromatization, very safe to use, great during cutting diet to prevent muscle mass, perfect for bridging between steroid cycles, no liver toxicity. Strength :

Today I did my 76th hormone injection. Its not a big anniversary or anything of significance really. It's my Friday routine. It's often times the one thing that's seem to have kept me going. I was in denial with who I was for so long. It took me 6 long, grueling years to accept who I was... but fuck, am I so glad I'm finally here. I'm not gonna write a long sappy post on here, but thank you to everyone who has ever supported me. #ftm #testosterone

I will be at the gym for the next couple of hours if anyone wants to tan, use the sauna or workout with #hulksmash . #gymfamily #teamrage #queen #roadto500 #benchpress #squats #deadlifts #wabdl #usapl #hwnmf #axeandsledge #lovetolift #cancersucks
