Posts 11 how long does it take before deca starts working i am currently taking 300 mg a week of deca , i started 3 days ago, and have felt a little bit more pumped in the gym but not too much bigger. I know that i shouldnt just use deca alone, but its all i can get right now.

Corticosteroids for Inflammation: Types and Uses - Verywell Health

Inhaled vs. Oral Corticosteroids

Inhaled

- Treatment for persistent asthma
- Intended for long-term use
- Fewer and less severe effects such as headache, sore throat, common cold or flu, and muscle aches

Oral

- Treatment for severe asthma and/or attacks
- Intended for short-term usage
- More severe, diverse side effects such as nausea, acne, weight gain, and irregular heartbeat

verywell

Because deca takes so long to act, a short deca cycle does very little for users. 23. Experienced Bodybuilders quit Deca use before stopping Testosterone in a Cycle.
