About Us - IronMag Labs Bodybuilding Supplements

Super overpriced, just get Enclomiphene. One bottle will last an entire cycle if you take it after week 4 at 6.25mg/day. Wouldn't bother trying to use it as a test base when it contains only 75mg of 4-dhea with 75mg of androsterone and 50mg of 1dhea which are both anti-estrogenic compounds, as well as arimistane.

IronMagLabs Gear Cream Log o' Gains - AnabolicMinds

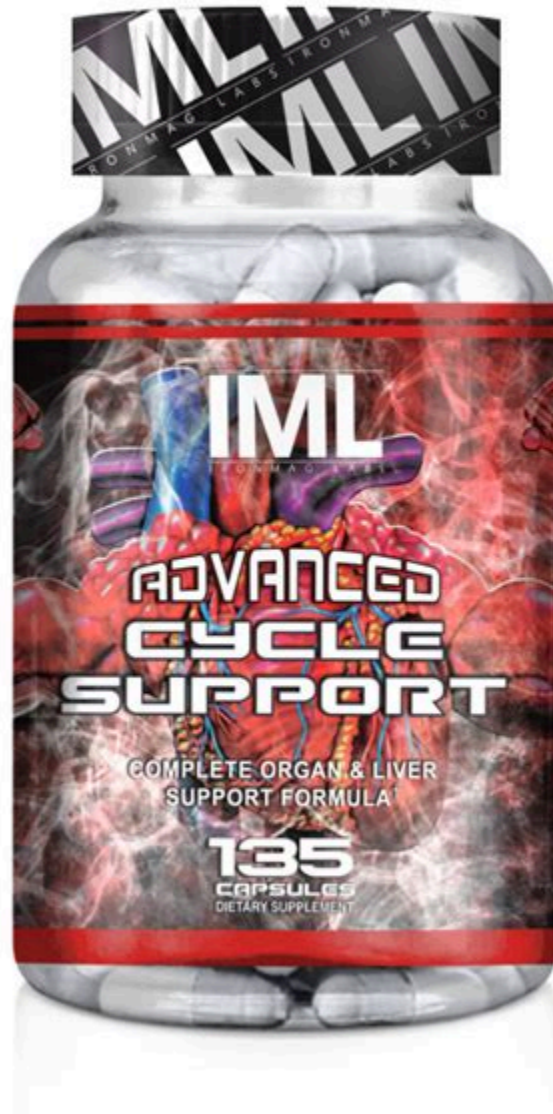

About two months ago, I ran a cycle of Super DMZ 2.0, and I decided to order from BlackStone instead of OrbitNutrition. Shipping and everything like that went fine, but there was a little discrepancy between the ingredients listed on the back of the bottle and on BlackStone's site. My bottle.

Ironmag Labs Super 1-Andro cream - AnabolicMinds

Starting the 4 andro cream as my test base for a rad and yk cycle Monday so I'll let you guys know how it goes. Gonna take 100 mg a day for 700 on the weak I hope that can convert to 200 mg of testosterone a week or maybe a little under since it's the cream and it's suppose to be more bio available than the oral.
