

The dual lead Y Cable that comes with the Steiner Dbal A3 had laser plugs on both ends so unless you are running a Steiner Weapon Light with their Tailcap you are SOL. You will have to get a dual pressure switch that has a Crane/Laser and Surefire leads. Currently the Unity Taps Sync is your only viable option. They are good switch's.

Page 13: Equipment Description. CHAPTER 2- - E QUIPMENT DESCRIPTION 2. 1 SYSTEM DESCRIPTION The DBAL-I is a Class IIIa laser device that features an IR POINT and IR ILLUM for use with a NVD. The IR beams can be operated individually or in combination, in both low power (LO PWR) and high power (HI PWR) settings.

Steiner DBAL-I2 Dual Beam Green/IR Aiming Laser Intelligent - Desert .

activation of the DBAL-I2 in these conditions. **WARNING DO NOT** store the DBAL-I2 with the battery installed. **WARNING** The High Power Modes are blocked with a safety screw. **WARNING** To operate the DBAL-I2 in the High Power modes the blue safety screw must be removed from the back of the unit. The Armorer will remove and store the safety screw.

Steiner DBAL Dual Beam Aiming Green Laser, FDE - 9006

This is actually a common problem with their DBAL-A2 and DBAL-A3. Front sights can block the battery compartment. One minor issue I have with the DBAL-D2 is the color of the tan and the use of black covers. It is purely cosmetic but I wished they chose an anodizing closer to FDE and use FDE colored covers just like the ATPIAL-C.

Steiner DBAL-A3 Green Laser Devices w/ IR Pointer and IR Illuminator .

STEINER | DBAL-I2. \$ 949. 99 - \$ 1,299. 99. The Steiner DBAL-I2 is an intelligent dual beam aiming laser that provides civilians and warfighters with extreme accuracy in low light and no light maneuvers. ALL IN STOCK AND PREPARED TO SHIP. Model. SKU: N/A Category: Lasers & Lights. Description.

Steiner: DBAL-D2, Dual Beam Laser w/IR Illuminator - FDE

Description Manufactured with high definition, aspherical telescopic lens technology, the DBAL-D2 features a 2 degree to 30 degree adjustable illumination beam. This beam will enhance night vision performance and offers an eye-safe means of illuminating distances greater than 1000 meters. Weight 12.5 oz Submersible to >5 m Visible green laser
