## Pharmacology of testosterone replacement therapy preparations

**TABLE 2**  
**FDA-approved testosterone formulations<sup>2</sup>**

Formulation	Trade names	Dosing, route, and administration	Benefits	Potential adverse effects or drawbacks
Testosterone cypionate, testosterone enanthate		75-100 mg IM every week or 150-200 mg IM every 2 weeks	Short-acting preparation that allows for drug withdrawal in the event of adverse effects	Fluctuation of testosterone levels
Testosterone undecanoate	Aveed	750 mg IM followed in 4 weeks by another 750 mg IM, then 750 mg every 10 weeks thereafter	Steady-state testosterone levels without fluctuation	Long-acting formulation; does not allow for rapid discontinuation of therapy if adverse effects develop
Transdermal and transmucosal testosterone	Androderm (patch)	A single, 2-6-mg patch daily	Most closely mirrors physiologic testosterone levels	May cause skin irritation; risk of transfer to partner or children
	Axiron (axillary)	30-120 mg daily		
	AndroGel, Testim, Vogelxo (gel)	50-100 mg daily applied to shoulders, arms, or abdomen		
	Fortesta (gel)	10-70 mg daily applied to thighs		
	Natesto (intranasal)	11 mg 3 times daily		
	Striant (buccal)	30 mg every 12 hours		
Oral testosterone	Androxy (fluoxymesterone)	5-20 mg daily in a single or divided doses	Daily oral dosing	Difficult to obtain normal physiologic levels; risk of hepatotoxicity
	Android, Methitest, Testred (methyltestosterone)	10-50 mg daily		
Subdermal testosterone pellets	Testopel	150-450 mg implanted subcutaneously every 3-6 months	Long duration of action	Infection at implantation site; explantation

IM, intramuscular.

Levels <400 ng/dL require a dose escalation to 6 mg/day (1×4 mg/day patch plus 1×2 mg/day patch), while levels >930 ng/dL should be reduced to 2 mg/day. A multi-center, prospective randomized trial compared the PKs, efficacy, and safety of the transdermal system to IM testosterone enanthate (TE) injections . Treatment was for 24 weeks and 33 .

## Testosterone Enanthate Vial - Uses, Side Effects, and More
