Manufacturer: Dragon Pharma Substance: Chlorodehydromethyltestosterone Pack: 100 Tabs (20 mg/tab) Turanabol is an oral steroid which contains 20 mg of the hormone Chlorodehydromethyltestosterone. It has a predominantly anabolic effect which is combined with a relatively low androgenic component. On a scale of 1 to 100 the androgenic effect is very low - only 6 - and the anabolic effect is 53. While it is important to keep sodium within range, salt doesn't need to be considered a "no-no" on your plate. It's all about the quality of salt you use and what you are putting salt on.

Turanabol from Dragon Pharmaceuticals is an anabolic steroid, which began to be widely used in the 1970s and 1980s by athletes, especially in athletics. At the moment, it is one of the most popular anabolic steroids. Turanabol DP 100 tabs (20mg/tab) Turanabol Dragon Pharma provides less muscle mass gains, but unlike Dianabol, these gains have an increased "quality", it's lean tissue and has a lot less adverse effects. more

Turinabol (Dragon Pharma) is a strong derivative of Dianabol. However, the two are different in the sense that the latter shows signs of the estrogenic effects while Turinabol does not. Besides, compared to Dianabol, the level of androgenic activity by Turinabol is a lot less. Do you have the skills in designing and customizing clothes?
