TESTENAN (250 MG/ML) € 40.00. Testosterone Enanthate 250 mg. Add to cart. Category: INJECTIONS. Description. Testen-250 is an injectable steroid made by BM Pharmaceuticals, its active substance is Testosterone Enanthate. Testosterone Enanthate is probably the most commonly used form of testosterone by both athletes and bodybuilders alike. [pop over to this website](#)

Testen 250 by B.M. Pharmaceuticals, is an injectable steroid which contains 250mg per ML of the hormone Testosterone Enanthate. The Enanthate ester of this drug makes its release slow and therefore it requires injections to be less frequent than they would be if a bodybuilder using Testosterone propionate. Testen-Depot 250 Injection is a medicine used in the treatment of male hypogonadism caused due to low testosterone levels. It is only prescribed to men with known medical conditions. It helps in restoring the level of testosterone in the male body. [her latest blog](#)
