Em outra vasilha bata a manteiga com o açúcar até formar um creme. Continue batendo e vá acrescentando aos poucos: os ovos, a batata amassada, a 1/2 xícara de muçarela e a mistura de fermento. Quando essa mistura estiver meio homogênea comece a adicionar a farinha. Continue amassando e sovando a massa até incorporar toda a farinha e conseguir uma massa lisa. Transfira a massa para uma vasilha untada, unte a massa também e cubra com um plástico ou pano. Deixe descansar por cerca de 1:30min, ou até a massa mais ou menos dobrar de tamanho.
