La cosa preoccupante e che spesso chi non acquisisce o perde queste abilita dedica anche molto tempo ad "allenarsi". Pero nella pratica io trovo maratoneti di buon livello incapaci di eseguire uno squat o persone che staccano centinaia di chili impacciati a superare una staccionata ovvero ragazze di flessibilita estreme che non reggono pochi secondi appese ad una sbarra. Fa tutto parte di una specializzazione estrema che impoverisce la percezione del proprio corpo. [linked here](#)
