PHARMA 3-TREN 200 is a blend of 3 trenbolone esters: acetate, enanthate and hexahydrobenzylcarbonate. One vial - three forms of the most aggressive drug ever manufactured. It is highly valued for its ability to increase muscle hardness, definition, and raw strength, without unwanted water retention and fat mass gains. Trenbolone Acetate 100 mg/ml 1 PHARMA TREN A 100 (Trenbolone acetate) - is an incredibly fast acting form of the most effective drug ever manufactured. It's very common for women to need clitoral stimulation in order to achieve orgasm so that's not an issue but this vaginal orgasm is a big change after a lifetime of only being able to achieve this one way.

Tren Mix holds user on huge load, does not requires to push inject too regularly. Work on a high force with no decrease of scale, add Pharma 3-Tren 200 one time for couple of evenings. 4 those roiders that need to receive all advantages at once Tren Mix by Pharmacom - triple gearbox. PHARMA TREN 50 is pure trenbolone with no ester attached. PHARMA TREN 50 won its reputation as a perfect pre-workout stimulant to increase aggression and power for extreme work-out sessions and competitions.

Yeah I've recently finished 2 vials of it. I ran it at 2ml a week with 150mg test e and 100mg tren chucked in, also from Pharmacom. I've switched labs now but only because I couldn't source it again and I'd bought it really cheap in the new years sales. It's decent gear. Sex drive was up and typical tren sides for me, sweating and elevated ...

PharmaMix3 is a great blend -- even at the high concentration, there is zero PIP and I experienced minimal side effects. I generally stay away from tren enan (I'm a great tren ace responder) as GH15 humorously referred to it as "sides in a bottle" but it was a great mix for sure. 02-18-2015, 05:16 AM #9 Buggy2hot
