GENOTROPIN PEN 12 is a device used to mix and inject doses of GENOTROPIN Lyophilized Powder (somatotropin [rDNA origin] for injection). Use this device only for administration of GENOTROPIN. What You Will Need GENOTROPIN PEN 12 12 mg two-chamber cartridge of GENOTROPIN The reusable pen system comes with replaceable cartridges and a digital display, making it quick and easy to use. The Genotropin Mixer is for people who want the convenience of the cartridges with the cost-saving of disposable syringes. The mixer unit allows for the quick reconstitution of the HGH powder. Guess it's really time to buckle down and kill shit! Need to post more and get my I.g on full blast. Today was the day I think I found what I really needed. Was accepted to one of the best supplement companies out there @the.demo.crew @axeandsledge @sethferoce @deanperrone this opportunity

means more than you could imagine! Been working with @frenchp\_ifbbpro for 3 weeks now and just this short time the improvements in my mental state and body have been fucking unmatched. This is a coach that doesn't just wanna win the show take your hard work for his own! This is a REAL COACH, checks in with how the prep is going, shocks the body, super fucking nice, really knowledgeable and the whole team is like a family not just give me your money and I'll give you a half ass plan! I think I finally found the coach and drive I need to take this shit to the next step. Over the next few weeks be ready to have your feed flooded with progress, funny pictures and me being confident enough to show all the hard work I've been doing is worth it all! Once again thank you all for the opportunity and believing I have something to show and give you all!
