You are valuable, not the product of nothing. ♦ Atheism is senseless. I see the earth at the right distance from the sun to receive the proper amounts of heat and light. This did not happen by chance. ♦ - (Isaac Newton, scientist) You don't have to try to earn God's love or try to work your way to Heaven. We already broke God's laws, whether we have lied or sworn, looked with lust, hated, and so on, and like a just judge, God must justly punish criminals in Hell... but there is good news. Let's say you break a speeding law, 500\$ fine, all of a sudden someone pays it, nothing remains left for you to pay. So if

someone perfect would be willing to take all of your Hell punishment and give you their perfect record you can justly go to Heaven because someone paid your fine. God in His love despite our hatred toward Him, took on flesh in the person of Jesus Christ. He lived the sinless life we couldn't, and then offered Himself on the cross as a sacrifice for sin offering salvation to all who turn to Him by faith.
